THE FUNKY ONES

'Pétillant Naturel' a.k.a. Pet Nats and natural wines are made with minimal human intervention allowing the grapes to speak for themselves. This centuries-old wine-making method uses minimum preservatives to create colourful, rustic, unrefined beauties.

Here is our thoughtfully sourced selection of local and international wineries that use this technique.

NSW WINE REGION

Did anyone ever tell you that Australia's winemaking history started right here in our Royal Botanical Gardens? The first Vinifera vines - the parent vine of all wine grapes around the world – first arrived in Sydney on the First Fleet from South Africa in 1788. However, it was not until 1833 when the Father of Australian wine, James Busby, brought them in from Europe and introduced them to our Hunter region, making it the oldest wine region in Australia.

Here are our picks from NSW's wine region.
